With A40 Portable Printer, you can easily print documents from your laptop. We provide USB disk with drivers inside to save your time from searching drivers. You will find USB disk in giftbox coming with printer.

Install the driver https://portable-printer.s3.us-east-1.amazonaws.com/Drivers.zip

a.Install the driver for windows

1) Turn on the printer and connect it to the computer via USB cable and install the driver.
2)Select "A40" as your printer before printing

⚠ **NOTE** Before installing the driver, you may need turn off your computer antivirus software. And the printer needs to be connected to computer with power on status.

11

b.Install the driver for MAC

Turn on the printer, connect it to computer via USB cable, install printer driver
"Shipping Printer-Printer-Driver...pkg":

After installation successfully, select "A40" as your printer to start printing.

❶ Please turn off the printer and open the printer cover and take out the paper.

❷ Dip a cotton cloth or cotton swab with medical alcohol, and wipe gently along the center to the periphery

of the printer head.

❸ After cleaning the printer head, do not use the printer imlmediately. Please wait for 1 to 2 minutes, and then

use the printer after the alcohol has completely evaporated.
⚠ **NOTE** • Please do not directly touch the printing head to avoid damage. Especially,do not directly
touch the printing head immediately after printing to avoid overheating and scalding.
