### Information on the LW-C610

This equipment contains the following **Bluetooth**<sup>®</sup> module.  
Manufacturer: Microchip Technology Inc  
Type: RN4678

**For Users in Europe:**  
Hereby, Seiko Epson Corporation declares that the radio equipment model LW-C610 is in compliance with Directive 2014/53/EU:  
The full text of the EU declaration of conformity is available at the following internet address:  
→ <https://www.epson.eu/conformity>

**For Users in the United Kingdom:**  
Hereby, Seiko Epson Corporation declares that the radio equipment type LW-C610 is in compliance with the relevant statutory requirements.  
The full text of the declaration of conformity is available at the following internet address:  
→ <https://www.epson.eu/conformity>

Epson can not accept responsibility for any failure to satisfy the protection requirements resulting a non-recommended modification of the products.

### Información sobre LW-C610

Este equipo contiene el siguiente módulo **Bluetooth**<sup>®</sup>.  
Fabricante: Microchip Technology Inc  
Tipo: RN4678

**Para usuarios europeos:**  
Por la presente, Seiko Epson Corporation declara que el modelo de equipo de radio LW-C610 está en conformidad con la Directiva 2014/53/UE:  
El texto completo de la declaración de conformidad de la UE se encuentra disponible en la siguiente dirección de internet:  
→ <https://www.epson.eu/conformity>

Epson no puede responsabilizarse de la imposibilidad de satisfacer los requisitos de protección que haya sido consecuencia de una modificación no recomendada de los productos.

### Informationen zum LW-C610

Diese Ausrüstung enthält das folgende **Bluetooth**<sup>®</sup>-Modul.  
Hersteller: Microchip Technology Inc  
Typ: RN4678

**Für europäische Benutzer:**  
Hiermit erklärt die Seiko Epson Corporation, dass das Funk-Ausrüstungsmodell LW-C610 konform mit der Richtlinie 2014/53/EU ist: Den vollständigen Text der EU-Konformitätserklärung finden Sie auf der folgenden Internetseite:  
→ <https://www.epson.eu/conformity>

Epson kann keine Verantwortung für eine etwaige Nichterfüllung der Schutzanforderungen infolge einer nicht empfohlenen Modifizierung der Produkte übernehmen.

### Informations relatives au modèle LW-C610

Cet équipement inclut le module **Bluetooth**<sup>®</sup> suivant.  
Fabricant : Microchip Technology Inc  
Type : RN4678

**Pour les utilisateurs en Europe :**  
Par la présente, Epson Corporation déclare que le modèle de l'équipement radio LW-C610 est en conformité avec la directive 2014/53/UE:  
Vous trouverez le texte intégral de la déclaration de conformité UE est à l'adresse suivante:  
→ <https://www.epson.eu/conformity>

Epson décline toute responsabilité quant à une défaillance de conformité aux exigences de protection résultant d'une modification non autorisée des produits.

### FCC Compliance Statement For United States Users

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.
- This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency(RF) Exposure Guidelines. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.

### WARNING

The connection of a non-shielded equipment interface cable to this equipment will invalidate the FCC Certification or Declaration of this device and may cause interference levels which exceed the limits established by the FCC for this equipment. It is the responsibility of the user to obtain and use a shielded equipment interface cable with this device. If this equipment has more than one interface connector, do not leave cables connected to unused interfaces. Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate this equipment.

### Industry Canada Compliance Statement For Canadian Users

CAN ICES-3(B)/NMB-3(B)

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment and meets RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.

Cet équipement est conforme aux limites d'exposition aux rayonnements énoncées pour un environnement non contrôlé et respecte les règles d'exposition aux fréquences radioélectriques (RF) CNR-102 de l'IC. Cet équipement doit être installé et utilisé en gardant une distance de 20 cm ou plus entre le radiateur et le corps humain.

### For Users in the USA

**WARNING:** Handling the cord on this product or cords associated with accessories sold with this product, will expose you to lead, a chemical known to the State of California to cause birth defects or other reproductive harm. ***Wash hands after handling.*** (This notice is provided in accordance with Proposition 65 in Cal. Health & Safety Code § 25249.5 and following.)
